**Product Description**

**2200-3000W Clothes Steam Iron Steam Boost Full Function Electric**

Experience true freedom with this wireless steam iron featuring a base station for convenient docking and reheating. The temperature and steam volume adjustable controls let you customize settings for every fabric type, from delicate silks to heavy linens. With 2800W power and 40g/min continuous steam, it delivers powerful wrinkle removal vertically or horizontally while the ceramic coating aluminum soleplate glides smoothly. Perfect for household use, this cordless steam iron combines mobility with precision control for professional garment care.
