Product Description

Product Description

1100W Portable Adjustable Electric Steamer Home Use Handheld

Refresh garments effortlessly with this 1100W electric handle iron steamer designed for adjustable comfort and portable home use. The detachable 280ml water tank provides up to 12 minutes of continuous steam at 25g/min output, removing wrinkles from suits, dresses, and linens. With horizontal and hanging ironing capabilities, it handles both flat pressing and vertical steaming. The low temperature ironing technology (145°C) safely steams even delicate fabrics like silk and nylon without burning. The lock steam switch enables continuous operation, while pump technology delivers powerful, consistent steam. Over-heat protection and auto-off ensure safety. Perfect for daily garment care at home.

Specification
