Product Description

Stainless Steel Handheld Garment Commercial Standing Steam Iron

Achieve professional garment finishing with this high-end standing steam iron featuring a stainless steel design and 2200W power for commercial-grade performance. The handheld portable unit delivers 30g/min continuous steam and powerful burst of steam to remove stubborn wrinkles from hanging garments, curtains, and upholstery. The non-stick aluminum soleplate (228 x 125 mm) glides smoothly across all fabrics, while variable steam settings and vertical steam capability handle everything from delicate silks to heavy linens.
