Product Description

Product Description

Dual Air Fryer 9L Digital Smart Oil Free Double Basket Dual Zone

Cook two complete meals at once with this 9L dual basket air fryer – a smart kitchen powerhouse featuring dual zone independence. Powered by 2400W with SS304 heating element, it delivers crispy, golden results with 80% less fat using high speed air circulation. Each basket operates separately with adjustable temperature from 80-200°C, 30/60-minute timer, and auto shut-off. The digital touch intelligent heating and LCD display make control simple, while the observation window lets you monitor progress without losing heat.

Specification
