Product Description

1400W Electric Pizza Maker With Non Stick Aluminum Plate 80-360°C

Make restaurant-quality pizza at home in just 3-5 minutes with this 1400W electric pizza maker featuring a non-stick aluminum plate and 80-360°C variable temperature control. The unique ceramic stone ensures even, crispy baking every time, while upper and lower heating elements cook from both sides. The visible window lets you monitor progress without losing heat, and the preheating function gets you started fast. A pilot light shows thermostat status, and auto shut off after timer provides peace of mind. Perfect for frozen, pre-baked, or fresh dough pizzas.

Specification:

Brand Name	Anbolife
Place of Origin	Zhejiang, China
Product Name	Electric Multi-Fuction Pizza Maker
Type	Electric Grill Pan, Pizza Maker
Material	Aluminum
Plate	Non-Detachable, Non-Stick Aluminum Plate
Non-Stick Material	PTFE
Color	Customized
