

PTC Heating Hair Straightener and Curler with Ceramic and Tourmaline Coating Plates and 360° Swivel Power Cord

Our Product Introduction

for more products please visit us on airfryerfactory.com

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Customized
- Model Number: AB931
- Minimum Order Quantity: 2000
- Price: \$3.10

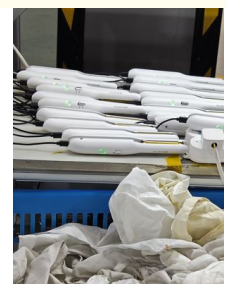

Product Specification

- Heater Type: PTC
- Plate Material: Ceramic And Tourmaline Coating Plates
- Plate Size: 27 X90mm
- Power: 28-32W
- Voltage: 100-240V
- Frequency: 50/60Hz
- Temperature Range: 160-230°C
- Temperature Adjustment: 1 Level
- Temperature Display: LED
- Power Indicator: LED
- Plates Feature: Floating & Lockable
- Power Cord: 360° Swivel
- Overheating Protection: Yes
- Switch Type: ON/OFF
- Housing Material: Plastic, Bulk Reinforced Nylon, Decorative

Product Description

2-in-1 Hair Straightener and Curler with PTC Heating

Product Overview

This versatile 2-in-1 hair styling tool combines straightening and curling functions with advanced PTC heating technology for professional results at home.

Key Specifications

Feature	Specification
Product Name	Hair Straightener and Curler
Voltage and Power	110-240V 50/60Hz 110W
Material of Plate	Ceramic coating aluminum plate
Temperature Range	160-230°C
Safety Features	Overheating protection with digital display
Power Cord	Universal plug compatible with all countries

Technical Parameters

- Input: 100-240V 50/60Hz
- Power: 28-32W PTC heating element
- ON/OFF switch for easy operation
- Ceramic and tourmaline coating plates (27 x 90mm)
- LED power indicator
- Floating & lockable plates for versatile styling
- 360° swivel power cord for tangle-free use

Why Choose Our Hair Styler

About Manufacturer

Ningbo Anbo United Electric Appliance Co., Ltd. specializes in personal care appliances, combining manufacturing and export expertise. We focus on innovative technology that enhances daily life with user-friendly designs. Our capabilities include OEM/ODM services, solution development, and partnership opportunities.

Quality Commitment

- High-quality materials and construction
- Collaboration with world-famous brands
- Continuous improvement based on customer feedback
- Competitive pricing with excellent service

Factory Workshop

Packaging & Shipping

We accept various customized packaging options including color boxes, gift boxes, mail-boxes, and blister packaging to meet your specific requirements.

Frequently Asked Questions

Are you a factory?

Yes, we are a manufacturer and trading combination.

Can we use our own logo for the product and packaging?

Yes, OEM services are available for both products and packaging.

What is the lead time for mass production?

Standard lead time is 30-45 days for mass production orders.

How do you guarantee product quality?

We implement strict quality control with 100% inspection before shipping, including 3000-3800V high voltage testing to ensure product reliability.
