

2 in 1 Wet to Dry Hair Straightener and Curler with 13 Temperature Settings and Rapid Heat-Up

Our Product Introduction

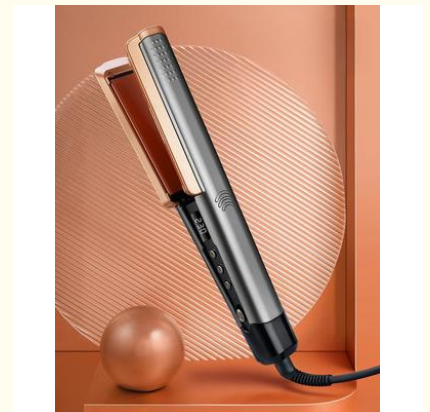

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Customized
- Model Number: AB430
- Minimum Order Quantity: 3000
- Price: \$7.88

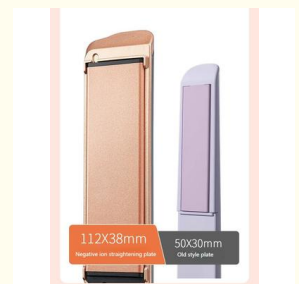

Product Specification

- Heater Type: PTC
- Plate Material: Ceramic Coating Aluminum Plate
- Plate Size: 112*38mm
- Power: 38W
- Voltage: 110-240V 50/60Hz
- Temperature Range: 160-230°C
- Temperature Levels: 3
- Auto Shut-off: 1 Hour
- Body Material: Plastic, Bulk Reinforced Nylon, Decorative Parts ABS, Clear Lens PC
- Heat-up Time: Rapid
- Display Type: LED
- Function: Overheating Protection
- Plug Type: All Countries Standard
- Power Cord: Included

Product Description

2-in-1 Wet to Dry Hair Straightener with Rapid Heat-Up

Product Overview

Professional-grade hair straightener and curler featuring ceramic-coated aluminum plates with 13 temperature settings and auto shut-off function.

Key Specifications

Feature	Specification
Product Name	Hair Straightener and Curler
Voltage and Power	110-240V 50/60Hz 110W
Plate Material	Ceramic coating aluminum plate
Temperature Range	160-230°C
Safety Features	Overheating protection with digital display
Power Compatibility	All countries standard plug and power cord available

Technical Parameters

- Precise temperature regulation: 160°C, 180°C, 200°C-230°C
- Power: 38W
- Voltage: 110-240V 50/60Hz
- Advanced PTC heating technology
- Safety auto-shutdown after one hour

Why Choose Our Hair Straightener

About Our Company

Ningbo Anbo United Electric Appliance Co., Ltd. specializes in manufacturing high-quality personal care appliances. We combine innovative technology with user-friendly designs to enhance daily life. Our services include OEM/ODM solutions, and we collaborate with global brands to deliver premium products with competitive pricing and excellent service.

Manufacturing Facility

Packaging & Shipping

We offer various customized packaging options including color boxes, gift boxes, mail-boxes, and blister packaging to meet your specific requirements.

Frequently Asked Questions

Are you a manufacturer?

Yes, we are a combined manufacturer and trading company with our own production facilities.

Can we use our own logo for the product and packaging?

Yes, we fully support OEM services including custom branding for both products and packaging.

What is your production lead time?

Standard lead time for mass production is 30-45 days after order confirmation.

How do you ensure product quality?

We implement strict quality control with 100% inspection before shipping, including 3000-3800V high voltage testing to guarantee product reliability.
