Product Description

20 Bar Espresso Coffee Machine Cold Brew Cool Milk Cappuccino Latte 1.2L Tank Home

Enjoy hot and cold coffee perfection with this cold brew espresso maker featuring a 20 Bar pump and thermoblock heating system for professional extraction. The 1350W power delivers fast brewing, while the 1.2L water tank and 500ml milk tank allow multiple drinks. Cold brew and cool milk functions let you create refreshing iced coffee drinks without dilution. The touch screen display makes selecting espresso, cappuccino, latte, americano, cold brew, and cold milk effortless. The built-in adjustable grinder ensures freshly ground beans, and the automatic milk frothing system creates creamy foam for both hot and cold beverages. Self-cleaning simplifies maintenance. Available in 5 operating languages. Perfect for home, office, and iced coffee lovers.
