Product Description

Product Description

Automatic Coffee Machine 20 Bar Thermoblock Cool Milk Cold Brew Espresso

Enjoy hot and cold coffee perfection with this automatic coffee machine featuring 20 Bar pressure, thermoblock heating system, and cold brew capabilities. The 1350W power delivers fast heating, while the 2.6L water tank and 500ml milk tank allow multiple cups without frequent refills. With cold brew and cool milk functions, you can create refreshing iced coffee drinks alongside traditional espresso, cappuccino, and latte. The touch screen display makes operation intuitive, while the built-in adjustable grinder ensures freshly ground beans. Automatic milk frothing creates creamy foam for specialty drinks. Programmable settings and temperature control ensure consistent results. Self-cleaning function simplifies maintenance. Perfect for home, office, and iced coffee lovers.

Specification:
